

HEMANTHAN R S

Full Stack Developer

+91 9345390269 | hemanathan6776@gmail.com | [linkedin.com/in/hemanathan-r-sb0a0123ab](https://www.linkedin.com/in/hemanathan-r-sb0a0123ab)

Executive Summary

Motivated frontend developer skilled in HTML5, CSS3, JavaScript (ES6+), React.js, and Tailwind CSS, with hands-on experience building responsive, REST API-integrated web applications. The role requires strong fundamentals in modern frontend tooling, Git-based collaboration, and the ability to ship deployable projects independently, which align with my project experience building and deploying a MERN-stack app, a discount-comparison platform, and a clinic ticket-management demo. I am a fast learner with strong problem-solving skills, eager to grow within a full-stack development team.

Technical Skills

- Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Responsive Design
- Backend & APIs: Core Java, REST APIs, Node.js, Express.js (learning)
- Database: MySQL, MongoDB
- Tools & Workflow: Git & GitHub (branching, commits, pull requests)

Soft Skills

- Problem Solving & Analytical Thinking
- Adaptability & Quick Learning
- Team Collaboration
- Initiative & Self-Driven Project Execution

Certifications

- Java Full Stack Development (Currently Pursuing)
JSpiders, Online | 2026 – Present

Projects

Notes App (MERN Stack)

- Developed a full-stack notes application using MongoDB, Express.js, React.js, and Node.js.
- Built a responsive frontend with React.js and Tailwind CSS, ensuring consistent UI across device sizes.
- Integrated Flowbite icon components to improve interface clarity and user experience.

Portfolio Website

- Built and deployed a personal portfolio site to showcase projects, skills, and resume.
- Implemented responsive layouts and clean navigation using HTML5, CSS3, and JavaScript.

Company Landing Page

- Developed a responsive company landing page as a frontend clone/practice project.
- Focused on layout accuracy, responsive breakpoints, and reusable component structure.

Blog Website

- Built a blog website with a clean, responsive reading layout using React.js.

- Practiced component-based architecture and Git-based version control workflow.

Ticket Management App (Clinic Demo)

- Built a demo ticket/queue management application for a clinic use case.
- Designed REST API-friendly frontend flows for creating, updating, and tracking tickets.
- Focused on a responsive, user-friendly interface for front-desk style workflows.

GitHub: maintained a clean GitHub profile with 3 deployed projects.

Education

Bachelor of Computer Applications (BCA)

2025

Mahendra Arts & Science College (Autonomous), Namakkal — CGPA: 6.5
